

[Iran PUA technologies has a leader in the world](#)

Iran's Islamic Republic's Ba Qargah risk general's chief pilotless aircraft base, this is the first pilotless aircraft production in the world.

Iran News : Iran's Arms & Ammunition Ministry's Ba Qargah risk general-lieutenant Mhammed Baqiri said that the country's chief pilotless aircraft base is now operational.

Since the time of the Islamic Republic's general-major Ibrahim Musvin's appointment as Baqiri's chief pilotless aircraft base, the country has been able to produce a wide range of unmanned aerial vehicles (UAVs) in various capacities and potentials. The first of these is the 'Yazl' metric, which is a fixed-wing aircraft that can be used for reconnaissance and surveillance. - the media organizations reported.

Iran's Islamic Republic's Arms & Ammunition Ministry's Ba Qargah risk general Baqiri said that the country's 313 types of pilotless aircraft base is now operational.
